

ICICTM '16
16th - 17th May 2016

CALL
FOR
PAPER

International Conference on Information & Communication Technology Malaysia

The International Conference on Information and Communication Technology (ICICTM'16) offers a broad range of research interests in ICT, namely Artificial Intelligence, Big Data, Security and Privacy, and New Media Technology; and there will also be a special track on ICT for Maritime. ICICTM'16 provides a platform for postgraduate students, academicians and professionals to present results of their research activities, to exchange ideas, and to establish networks of people with similar interests.

This first ICICTM'16 conference will be held in the Greater City of Kuala Lumpur, the commercial capital of Malaysia. This conference is the result of a collaboration between two universities - Universiti Pertahanan Nasional Malaysia (UPNM) and Universiti Kuala Lumpur (UniKL).

UPNM as the premier defense university has a focus on national security with their education and research having an emphasis on Security and Privacy, Digital Forensics, Big Data and Maritime. With the concept of 'One Institute, One Specialization', UniKL contributes not only to tertiary education, but also research and development for commercialisation purposes.

UPNM and UniKL would like to welcome all potential authors to send their research papers to ICICTM'16.

CONFERENCE TRACKS

As listed below, but not limited to:

Artificial Intelligence

- Artificial Intelligence
- Embedded Systems
- Signal and Image Processing
- Robotics

Big Data

- Big Data Architectures
- Big Data Analytics
- Data Warehousing & Data Mining
- Knowledge Discovery & Retrieval

Security and Privacy

- Information Security and Cryptography
- Computer & Network Forensics
- Trusted Computing
- Wireless and Pervasive / Ubiquitous Computer Security

New Media Technologies

- Augmented and Virtual Reality
- Animation
- Multimedia Systems
- Social Computing

Special Issue on ICT for Maritime

- Maritime and Port Terminal Operations
- Maritime Warfare and Ship Design Technology
- Marine Environmental Science
- Climate Change and Global Warming

FEES

Presenter	USD 600
Participants	USD 400

IMPORTANT DATES

Call for Papers	1st Sept 2015
Submission deadline	31st Jan 2016
Review timeline	30th March 2016
Acceptance date	31st March 2016
Final submission for camera ready	22nd April 2016
